

## SUMP PUMP DISCHARGE

Section 20.07 of the Village Code which states:

**SUMP PUMPS. All sump pumps installed for the purpose of discharging clear waters from foundation drains and ground infiltration shall have the sump pump discharge in such a manner so as not to adversely affect adjacent property or to create any nuisance."**

The discharge point at least 20' back from the property line. The discharge point keeps the pipe on private property and allows for significant soil saturation prior to the storm water exiting the property.

If you are on a smaller lot please have the discharge point between 10'-20' back from the property line.
